

NEW! Volunteering experience
at DAKTARI in luxury
accommodation in the bush

A BRAND NEW OFFER

Embark on an unparalleled volunteer journey with us! We are thrilled to introduce our new combo package, presenting you with a one-of-a-kind opportunity to become a full-time volunteer at DAKTARI while relishing the serenity of our newly partnered Kamoka Camp.

Immerse yourself in teaching the children and caring for the animals throughout the day, and then retreat to the tranquility of your very own Tiny House, nestled with a picturesque view of our dam. This experience is truly exceptional and exclusively tailored for you.

Weekdays will be dedicated to the complete teaching program, ensuring you make a meaningful impact, while all your meals will be thoughtfully provided by DAKTARI. It's a chance to create unforgettable memories while contributing to a noble cause.

KAMOKA CAMP

Find some quietness in the middle of nature surrounded by wild animals in our environmentally friendly tiny houses built in South Africa.

The houses are completely independent and respectful of the environment, relying on solar Energy. Our aim is to not impact the environment in any way. Relax and enjoy the view!

The comfortable tiny houses are fully equipped with a kitchen, en-suite bathroom and terrasse. Unwind on the terrace while listening to the numerous wild animals present on the farm such as leopards, giraffes, impalas and buffaloes.

Kamoka Camp's commitment to sustainability and environmental harmony ensures that the presence of wild animals on the farm is a testament to the preservation of natural habitats and the coexistence of humans and wildlife.

The camp takes great pride in the opportunity to observe these majestic creatures in their natural habitat, respecting their space and promoting responsible wildlife conservation.

At Kamoka Camp, every detail has been carefully considered to ensure a minimal environmental footprint and a deep connection to the local community.

This commitment is reflected in the handcrafted furniture, the sustainable construction methods, and the innovative off-grid systems that power the camp.

Each tiny house is thoughtfully equipped with a fully functional kitchen, allowing guests to prepare their own meals and indulge in a personalized culinary experience. A braai is also available on the terrace for you to experience nature all around while cooking some food on an open fire. Immerse yourself in a tranquil holiday experience where you have the freedom to set your own rhythm and unwind at your leisure.

VOLUNTEERING AT DAKTARI

Monday through Friday you will be teaching a group of 8 children, aged 13-15, about ways to protect the environment and its wildlife. Lessons topics are about the ecosystem, wildlife crime and anti-poaching, animal tracks and knowledge, as well as making South Africa a better place!

The lessons begin at 9:00am until 4:30pm, and then we have group talks with the kids about social issues such as safe sex or substance abuse. Some lessons are done in our classroom, others are delivered out in the bush, and all of them are very interactive with a lot of educational activities.

We also make time for fun! You will play games with the children, join them in the pool and dance around the bonfire to their favourite songs!

With this exclusive offer, you'll be embraced as a dedicated full-time volunteer at DAKTARI, engaging in every aspect of the volunteer experience, from caring for animals in the mornings to conducting lessons with the children and participating in optional evening activities.

While mealtimes will be enjoyed at DAKTARI, you'll also have the option to unwind and have some quiet downtime of your own at Kamoka Camp, which offers fully equipped kitchens for added convenience. This new opportunity is designed to provide more flexibility and opportunities for relaxation.

However, your essential role in delivering daily lessons remains integral, and your input will be valued during board meetings where you can help decide which lessons you would like to assist with. Embrace this chance to make a difference while enjoying a balanced and enriching experience.
